

## Finance Specialist

### Are you the new Inspired Results Finance Specialist?

The Inspired Results Finance Specialist is an enthusiastic, energetic go-getter that brings powerful financial insights to every job. From driving improvement into the finance process, to budgeting, forecasting & reporting. Everything requires enthusiasm and an appreciation for how important what you do is to the overall organization. To be more specific this person will:

- Execute and drive continuous improvement in all finance processes, including but not limited to billing, AR/AP, inventory accounting, cost evaluation and allocation, freight, commissions, service billing & accounting, asset management, reporting, budgeting and reconciliation.
- Effectively works with other resources to execute and oversee finance functions.
- Utility player that can execute a wide variety of finance functions when and where needed.
- Production of financial statements, reporting and analytics.
- Provide input, guidance and direction on financial business management and areas for improvement & optimization within the business.

The must have traits for our dream candidate:

- Ability to analyze and problem solve
- Focused sense of urgency and commitment to complete tasks
- Strong customer service orientation
- Team player with excellent communication skills

To be qualified you must have this experience in your back pocket:

- Product and Service billing, accounting and reporting.
- Data analysis
- Expert Microsoft Excel proficiency, Experience with QuickBooks Online

Our ultimate goals for you:

- Fully support Business Leadership with insightful and actionable business insights
- Develop and maintain robust and dynamic business score cards
- Be a part of dynamic evolving company and contribute to our culture!
